Venstar Celebrates 20th Anniversary

No Price Increases Since 1992

CHATSWORTH, Calif., May 2, 2013 — [Venstar®](#), a leading thermostat and energy management systems supplier, is celebrating its 20th anniversary in business. In 20 years, Venstar has never increased its prices for its thermostat and accessory products or its Surveyor energy management system.

“At Venstar, we are so committed to our customers’ satisfaction that we have never raised prices on our thermostats, accessories or Surveyor system. While the cost of labor and materials has increased, we are very proud to say that in 20 years, we have never raised pricing to our existing customers for any Venstar product,” said Steve Dushane, president and CEO of Venstar Inc. “Venstar delivers the best HVAC products at affordable pricing, which has earned Venstar some of the highest awards for best HVAC products.”

Founded in 1992, Venstar offers a wide variety of thermostats and HVAC accessories for commercial and residential use. Its Surveyor energy management system for small-box retailers is the choice of America’s best-known retail chains.

Venstar’s flagship thermostat, [ColorTouch®](#), has won top awards for its ease of programmability, color touch screen, and ability to post up to 100 photos on the screen. It also includes a free mobile app for Android™, BlackBerry and iOS mobile devices so contractors or homeowners can remotely access and control their ColorTouch thermostats. ColorTouch was recently upgraded to add built-in humidity control.

Venstar’s [Surveyor](#) energy management system empowers small-box retailers and other multi-location businesses to remotely monitor, control and manage their HVAC

and lighting/electrical and mechanical systems in all their stores, giving them unprecedented visibility into their energy usage. Designed specifically for small-box retail chains with hundreds to thousands of locations, Surveyor provides powerful energy management tools for energy and facility managers responsible for managing multi-location companies.

In addition to its Venstar-branded products, Venstar designs and manufactures OEM controls for the biggest names in HVAC, including Carrier, Goodman, Johnson Controls and York

About Venstar Inc.

Founded in 1992, Venstar Inc. is a leading thermostat and energy management system (EMS) supplier, known for providing value to its customers via ease of use and installation, proven cost savings, improved energy efficiency, quality and reliability. Venstar is one of the largest thermostat suppliers in the world and designs and produces Venstar-branded products, as well as OEM thermostat products for the biggest names in HVAC. Venstar's Surveyor is a leading energy management system, typically saving small-box retailers 25 percent of their energy costs, which translates to tens of millions of dollars in savings each year and dramatic reductions in CO₂ emissions. Surveyor currently controls the energy usage of more than 15,000 retail locations across the United States, Mexico, Puerto Rico, and Canada.
