

Venstar Flat Stat 1-Day Programmable T1000FS

STANDARD FEATURES:

- Low profile design fits flat to wall for attractive, unobtrusive look.
- Mounting bracket included for easy drywall installation.
- Large, easy to read display.
- Auto Changeover, 2-Stage Heat/Cool for use with gas/electrics, heat pumps, electric & hydronic heat.
- Dual-Setpoint with adjustable deadband, setpoint adjustment range from 35° to 99° F, switchable to °C.
- Configurable Programming - can be made programmable (single day) or non-programmable.
- Configurable Display - set up as dual setpoint or single setpoint for ultra-simple operation.
- Thermostat Locking - Set points can be adjusted only by authorized individuals if this feature is turned on.
- Thermoglow Continuously Lit Electro-luminous Display.
- Display shows both heating and cooling setpoints and room temperature simultaneously.
- Maintains temperature to within 1° of setpoint.
- Adjustable deadband - can be adjusted 1 to 6 degrees.
- Temperature sensor calibration.
- All programming and setpoints stored in non-volatile memory, and are never lost in power failure.
- Sleek styling and white color blend beautifully into any decor.
- Red/Green LED shows whether thermostat is calling for Heating or Cooling.
- 5 minute compressor time guard and adjustable cycle limit, both overrideable for servicing equipment.
